A live webcast of the events will be available on the "Events and Presentations" page in the "Investors" section of the Company's website at <https://investor.igmbio.com/news-and-events/events-and-presentations>. A replay of the webcasts will be archived on the Company's website for 90 days following the presentations.

### About IGM Biosciences, Inc.

IGM Biosciences is a clinical-stage biotechnology company committed to developing and delivering a new class of medicines to treat patients with cancer, infectious diseases and autoimmune and inflammatory diseases. The Company's pipeline of clinical and preclinical assets is based on the IgM antibody, which has 10 binding sites compared to conventional IgG antibodies with only 2 binding sites. The Company also has an exclusive worldwide collaboration agreement with Sanofi to create, develop, manufacture, and commercialize IgM antibody agonists against oncology and immunology and inflammation targets. For more information, please visit [www.igmbio.com](http://www.igmbio.com).
